

Cork English College Residential & Shared Accommodation

Summer Residential and Shared Apartment Accommodation

During the months of June, July and August we also offer single rooms in University Residential Apartments. These are self-catering and consist of 4, 5 or 6 bedrooms per apartment, with a shared kitchen and shared bathroom facilities. Bed linen can be hired from the apartments but students must bring their own towels. Some apartments have ensuite bathrooms but this needs to be requested as the number is limited.
